# How to find us

## Windsor Photographic Society at the Windsor arts centre

It is generally easier to enter St Leonards Road from the south - Osborne Road/Goslar Way. Most major incoming routes connect fairly directly with these roads. From St Leonards Road, turn left into St Marks Play Place (immediately before the arts centre), and turn right through the car park entrance behind the building. At the opposite corner of the car park is a walk-way to St Marks Road, which takes you round to the front entrance of the building.

**IMPORTANT: Clampers operate in this private car park. You must first park, and then request a Parking Permit from the Arts Centre foyer attendant, for immediate display on your dashboard. If a Permit is not available, we regret you will have to park elsewhere.**
